

## **Barnet Local Plan Examination**

### **Erratum to EXAM 17 – LBB Note on Town Centre uses & Terminology**

It has been noted that there is an error in Appendix A of this document within the table setting out Barnet's town centres. The information provided is taken from Annex 1 of the London Plan as recorded in Table A1.1 in the Town Centre Network and Future Potential Network Classification.

In respect of Edgware Major Town Centre for residential growth potential the categorisation accorded in the London Plan is **high** rather than medium as erroneously stated in the Council's note.

A corrected version of the table in Appendix A of EXAM 17 is given below.
