Additional fee for laser and intense pulsed light (IPL) treatments	£73	£73		

**(Please note that this list is not exclusive of all treatments)**

Please make cheques payable to London Borough of Barnet.

If in doubt about the correct fee, please contact us for assistance.

**If there is more than one treatment, the treatment that falls in the highest band determines the fee.** Only one fee is payable however many different treatments are offered, unless Laser or IPL treatments are included, in which case the Laser/IPL fee, i.e. £73 is added to the Band C fee. If *only* laser/IPL treatment is offered, then Band C together with the Laser/IPL fee will apply.

If at a later date you wish to offer other special treatments, employ other practitioners, or make any material change to the premises or the way in which the treatments are given, you will need to apply for a licence variation before doing so.

- **A variation is any single material change, such as an additional treatment, a new practitioner or a significant change to the premises layout. A variation fee is charged for each separate variation.**
- In addition to the basic variation fee(s), if the variation is to a higher band, for example from Band B to Band C, an additional fee will be payable. This is calculated as follows:

Take the difference between the licence fees for the two bands, multiply by the number of complete months still to run on the existing licence, and divide by 12.

For example, adding a Laser/IPL (Band C) to a licence for electrical treatments (Band B) 9 months before expiry.

Band C (£444) minus Band B (£334) = £110 Multiply by 9 = £990  
Divide by 12 = £82.50

Add to the Band B variation fee (£79) = £161.50

Plus additional fee for Laser/IPL (£73)

The variation fee in this example is £234.50

**\*\*A transfer is a change to a different licence holder, with no other material change.**

If there are other changes, variation fee(s) will be charged in addition to the transfer. If there are a number of changes, we may deem the licence to be a new one, for which the single new licence fee is charged.
